Planning Architecture Landscape Architecture
Civil Engineering Environmental Services

17 June 1981

Mr. Robert J. Ryan, Director
Boston Redevelopment Authority
One City Hall Square
Boston, MA 02201

Dear Mr. Ryan:

We are pleased to provide this letter of interest to participate in the comprehensive planning effort of Boston's central retail district. This project is of particular interest to us, not only because it is in Boston, but also because it is a project type with which we have had extensive experience over the past several years. We have enclosed for your review a brochure listing our urban area planning and design experience. Included in the brochure is a general description of the breadth of our services, resumes of key persons potentially involved in a project of this sort, and a Form 254.

I would like particularly to call your attention to the range of experience we have had. On many projects we have functioned as planners to develop a fundamental program for economic revitalization. For these and other projects, we provided urban design and landscape architectural services for the downtown.

For a large percentage of our projects, we have worked with market, economic, and other consultants, either as part of a team managed by Sasaki, or under the direction of the client. Traffic and parking have been handled by either our own department or with outside consultants. We would be pleased to structure a team however you wish. However, should we be among those short-listed, we would like to discuss with you the makeup of the team. An interactive process is essential to the success of a project like this and it is important that the team be made up of members that complement one another.

We are particularly pleased that your request for credentials speaks to the need for this work to be action-oriented. As planners, we know only too well that much of the work produced by our profession fails to be implemented because the recommendations are not properly responsive to the realities and complexities of the situation. As architects, landscape architects, and engineers of many completed urban projects, we are able to feed experience back into the planning process. We work hard to identify those factors which

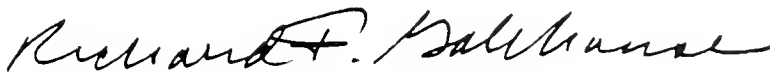

Mr. Robert J. Ryan
17 June 1981
Page Two

most effect implementation and then develop strategies that can be applied over time as opportunities for action arise. Also, we have experience dealing with public/private cooperation for funding and implementation of projects.

We are hopeful that you will find our credentials sufficient to qualify us for the short-list of consultants who will be invited to submit formal proposals. If any additional information would be helpful to you, we would be pleased to provide it.

Thank you for your consideration.

Sincerely,

A handwritten signature in cursive script, reading "Richard F. Galehouse".

PROFESSIONAL EXPERIENCE

Sasaki Associates, Inc., Principal

URBAN AREA PLANNING AND DESIGN/HISTORIC AREA PLANNING

University City Urban Renewal, University City, Missouri:
Planning and urban design studies for Eastgate-
Westgate, Delmar Loop, and Cunningham Park urban
renewal projects; project site design and development
for the Linear Park and Delmar Avenue improvements.
For the Land Clearance for Redevelopment Authority -
Project Director and Planner.

Newport Preservation Society, Newport, Rhode Island:
Planning and urban design consultation - Project
Director and Planner.

Newport Redevelopment Authority, Newport, Rhode Island:
Planning and design consultation to the Authority for
the Goat Island and Thames Street Urban Renewal
projects - Project Director.

Lima CBD, Lima, Ohio: Planning and urban design studies
for the central business district. For CURLAC -
Project Director.

North Miami CBD, North Miami, Florida: Planning and urban
design studies for the central business district -
Project Director.

City of Plantation, Plantation, Florida: Comprehensive
open space and recreation plan for city of 45,000
persons - Project Director.

West Flagler Street Property, Dade County, Florida:
Master plan and urban design plan for the
implementation of a 197-acre diversified activity
center including commercial, office, housing, and
public facilities. For Bart L. Cohen, Trustee -
Project Director.

B-2 Zoning, James County, Virginia: Highway corridor
study leading to recommendations for the creation of a
special zoning district. For James City County -
Project Director.

- Kentucky Cultural Arts Complex, Louisville, Kentucky: Urban design, transportation planning, and civil engineering services for a proposed state cultural arts complex located in a two-block area of downtown Louisville - Project Director.
- Springfield, CBD, Springfield, Ohio: Planning and urban design studies for the central business district - Project Director.
- Flat Branch, Columbia, Missouri: Urban design study for the redevelopment project and adjacent to the central business district - Project Director.
- Miami Center, Miami, Florida: Planning and DRI preparation for a mixed use urban development on a 7-acre site for an 850,000 s.f. office building, 500 condominiums, and a 675 room hotel - Project Director.

RESOURCE ANALYSIS/COMMUNITY, RESORT & RECREATIONAL DEVELOPMENT

- Regional Planning and Resource Analysis:
Branigar Bond, Volusia County, Florida: Land capability and resource analysis of 60,000 acres of land in Volusia County, Florida. For The Branigar Organization, Inc. - Project Director.
- Southeast Coastal Land Evaluation, Georgia: Land capability and resource analysis for development potential of 28,000 acres of coastal lands in Georgia. For Union Camp Corporation - Project Director.
- Moosehead Lake & Carrabassett Valley, Maine: Land capability analysis and regional planning for the Moosehead Lake and Carrabassett Valley regions in Maine. For Scott Paper Company - Project Director.
- Union Camp Florida Reclamation, Clay County, Florida: Resource analysis and planning for the reclamation of lands being hydraulically mined in Clay County. For Union Camp Corporation - Project Director.
- U.S. Army Corps of Engineers, Vicksburg, Mississippi: Research study involving Case Studies and Comparative Analysis of Issues Associated with Productive Land Use at Dredged Material Disposal Sites. For Energy Resources Co., Cambridge, Massachusetts and the U.S. Army Corps of Engineers Waterway Experiment Station, Vicksburg, Mississippi - Project Director.

New Community Planning:

- Kingsmill, York and James Counties, Virginia: Long-range development for Kingsmill, a 3,600-acre community and recreational development, including coordination of engineering and transportation planning, ecological analysis with marketing and financial analysis. For Anheuser-Busch, Inc. - Project Director.

The Hammocks, Dade County, Florida: New community planning, including rezoning, for 21,000 persons on a 1,100-acre site. For GNC Properties International, Inc. and DLM Corporation - Project Director.

Krehling Industries, Collier County, Florida: New community planning for 7,000 persons on 480 acres, including preparation of PUD, rezoning, and Development of Regional Impact Statement - Project Director.

The Questor Group, Albany, New York: Planned unit development, including rezoning, for three communities in New York State - Project Director.

Village of Royal Palm Beach, West Palm Beach, Florida: Comprehensive review and updating of the Village master plan and land use controls for village of 35,000 persons on 4,000 acres - Project Director.

Alaska State Capital, Anchorage, Alaska: Concept planning for the proposed new capital city of Alaska at Willow. For the Alaska Capital Planning Commission - Project Director.

Resort and Recreational Development:

Skidaway Island, Savannah, Georgia: Concept development plan for community and recreation development of Skidaway Island, including coordination of the engineering and market analysis. For The Branigar Organization, Inc. - Project Director and Planner.

Squaw Mountain, Greenville, Maine and Sugarloaf Mountain, Franklin County, Maine: Site analysis and development planning for destination ski resorts. For Scott Paper Company - Project Director.

Brickyard Mountain, Weirs Beach, New Hampshire: Master plan for four-season resort complex on Lake Winnepesaukee. For Brickyard Mountain Corporation - Project Director.

Hans Lollik Island, Virgin Islands: Master plan for 500-acre destination resort. For The Hans Lollik Island Corporation - Project Director and Planner.

Old Fort Bay, New Providence Island, Bahamas: Master planning services for a 500-acre destination resort for New Providence Island Development Co., Ltd. - Project Director.

CAMPUS PLANNING

Cleveland State University, Cleveland, Ohio: Long-range master plan and project design services - Project Director.

University of Massachusetts, Amherst, Massachusetts: Long-range master plan; continuing planning consultation 1961 to present; project site and landscape development; space programming, parking,

circulation, playfield, and housing studies - Project Director.

Carnegie-Mellon University, Pittsburgh, Pennsylvania:

Long-range master plan - Project Director and Planner.

Hampshire College, Amherst, Massachusetts: Site evaluation and master plan for new college - Project Director.

Central Connecticut State College, New Britain,

Connecticut: Long-range master plan - Project Director

Tulane University, New Orleans, Louisiana: Long-range master plan - Project Director.

OFFICE, COMMERCIAL, INDUSTRIAL AND INSTITUTIONAL PLANNING

Oasis Village, Coastal Georgia and South Carolina:

Long-range development plan for six interstate highway properties, including coordination of engineering and development of protective covenants and sign program; project site development services for Phase I. For Transtates Properties, Inc. - Project Director and Planner.

Chesapeake Park, Baltimore County, Maryland: A feasibility analysis for re-use of 1,000-acre air field and manufacturing facilities of the Martin Marietta Corporation. For The Martin-Marietta Corporation - Project Director.

Princeton-Forrestal, Princeton, New Jersey: Long-range development plan for Forrestal Center, 1,800-acre planned research, light industrial and residential community. For Princeton University - Project Director.

Cortana, Baton Rouge, Louisiana: Master plan and urban design study for regional shopping mall and associated entertainment center, offices, hotels, and housing. For Mall Properties - Principal-in-Charge.

University of Massachusetts Medical School, Worcester, Massachusetts: Development of a concept plan and alternative concept study for long-range solution of student housing needs. For University of Massachusetts - Project Director.

Harvard Animal Research & Primate Center, Southborough, Massachusetts: Master plan for Center, first stage contract documents for entrance road, and siting of buildings. For Harvard University Medical School - Project Manager and Planner.

Ocean Science Center of the Atlantic, Savannah, Georgia: Master plan for a 500-acre university-affiliated research facility and related industrial park. Ocean Science Center of the Atlantic - Project Director.

ENVIRONMENTAL & OTHER SPECIAL STUDIES

Woolwich Township, New Jersey: Review and critique of Draft Environmental Impact Statement for proposed new

community in a rural township with a present population of less than 2,000. Advice to the Township on strategies for mitigating community impacts - Project Director.

Marco Island, Florida: Environmental plan alternatives and C.O.E. E.I.S. critique of proposed Deltona Corporation permit applications in coastal mangrove wetlands. For the Environmental Defense Fund, the Conservation Foundation, National Audubon Society- Project Director.

Development of Regional Impact, Florida: Partner-in-Charge on projects requiring preparation of environmental impact analyses and participation in public hearings for development projects subject to approvals under the terms of Chapter 380, Florida Environmental Land & Water Management Act. The following projects were subject to these approvals:

XIII Olympic Winter Games, Lake Placid, New York: Preparation of Environmental Impact Statement for the Economic Development Administration of the U.S. Department of Commerce; preparation of environmental permit information for individual Olympics projects; formulation of environmental performance criteria and review of project design construction - Project Director.

United States Railway Association: Preparation of a series of conceptual feasibility studies for reuse of railroad yards in eastern and midwestern United States for United States Railway Association (Conrail). Subconsultant to Gladstone Associates of Washington, D.C. - Project Director.

Bates Nordic Training Center, Auburn, Maine: Development plan for 70- and 55-meter ski jump complex to complement existing alpine ski facilities at Lost Valley, Maine, to be used by Bates College winter competitions and training. Preparation of environmental information for approvals by the locality and the Maine Department of Environmental Protection - Project Director.

Visiting Critic, Harvard Graduate School of Design.

COMMUNITY, RESORT, AND RECREATIONAL DEVELOPMENT

Quail Ridge, Palm Beach County, Florida: Planning,
architectural, and civil engineering services for a
400-acre second home community. Services included
consultation on the routing for a new 18-hole golf course.
For Quail Ridge, Inc. - Project Director.

Watson Island, Miami, Florida: Site planning and landscape
architectural services for 87-acre theme park on Biscayne
Bay. For the City of Miami - Participating Principal.

Healy Farm, Oak Brook, Illinois: Master planning services for a
residential/equestrian development and preparation of
perspective sketches of residential units. For the Butler
Company - Project Director.

Sea Pines Plantation, Hilton Head Island, North Carolina:
Master plan update and development studies for a 5,000-acre
island vacation and retirement community. For Sea Pines
Plantation - Project Director.

Stage Neck, York Harbor, Maine: Master planning, architectural,
landscape architectural, and civil engineering services for
a 60-room inn and 40 condominiums on a 20-acre peninsula on
the Atlantic Ocean. For Stage Neck, Inc. - Project
Director.

CAMPUS PLANNING AND DESIGN

Massachusetts Institute of Technology, Cambridge, Massachusetts:
Landscape services for the Ida Louise Green Building and
the Alexander Calder "La Grande Voile"; the Dupont Garden;
and the Stratton Student Center - Project Director.

University of Colorado, Boulder, Colorado: Planning
and landscape services for the expansion of the old campus
- Participating Principal.

University of Houston, Clear Lake Campus, Clear Lake City, Texas:
Planning, landscape architectural, and engineering services
including a bridge design for the new campus near NASA -
Project Director.

- University of Illinois, Urbana and Chicago, Illinois: Site planning and landscape development consultation for campus expansion project including a street tree replanting program for the entire campus - Project Director.
- University of Rochester, Rochester, New York: Landscape design consultation services for the development of the river campus and adjacent campus areas - Participating Principal.
- Ramapo College of New Jersey, Mahwah, New Jersey: Master planning, landscape architectural, and architectural services for a new state college on a 300-acre site - Participating Principal.

URBAN AREA PLANNING AND DESIGN

- Charleston Waterfront Park, Charleston, South Carolina: Master planning and urban design and development guidelines for a seven-acre waterfront park and adjacent downtown. For the City of Charleston - Participating Principal.
- Boston Waterfront Park, Boston, Massachusetts: Landscape architectural, architectural, and civil engineering services for a 4.5-acre urban park on the waterfront in Boston's historic North End. For the Boston Redevelopment Authority - Project Director.
- Boston Harbor, Boston, Massachusetts: Comprehensive water plan for improved public pedestrian access; for the accommodation of boating uses; for compatible tax generating development for improved linkages to public transportation; for the improvement of environmental conditions; and to sensitively integrate contemporary design with the waterfront's historic past - Project Director.
- Long Wharf, Boston, Massachusetts: Urban planning and landscape architectural services for a historic seaport park. For the Boston Redevelopment Authority - Project Director.
- Haverhill Central Business District, Haverhill, Massachusetts: Urban planning, landscape architectural, and engineering services for the revitalization of the historic Washington Street-Riverfront area of the CBD. For the City of Haverhill, Department of Community Development and Planning - Participating Principal.
- Greeley Downtown District, Greeley, Colorado: Urban design plan and blight study for a nineteen block area in the downtown district - Participating Principal.
- Highland Park Streetscape Guide Plan, Highland Park, Illinois: Preparation for a guide plan for the central business district streetscape improvements. For the City of Highland Park - Project Director.
- Kingston West Strand Park, Kingston, New York: Master plan preparation, design and construction documents for Phase I of a passive urban park on the Rondout Creek. For the City of Kingston Office of Community Development - Participating Principal.

- Downtown Government Center, Dade County, Florida: Planning and landscape architectural services for a new administrative and cultural complex. For Dade County - Project Designer.
- Miami Center, Miami, Florida: Urban planning and landscape architectural services as well as coordination of the preparation of the Development Regional Impact Study for the revitalization of 8½ acres in downtown Miami. For the Holywell Corporation - Participating Principal.
- Nashville Riverfront Park, Nashville, Tennessee: Preparation of a master plan and phase one construction documents for a six-acre waterfront park adjacent to Nashville's Central Business District. For the Century III Special Projects Committee and in association with Miller/Wihry/Lee Inc. - Participating Principal.
- Southwest Corridor, Boston, Massachusetts: Landscape architecture, civil engineering, design, and contract documents for parks and streetscape along the Orange Line transit corridor. For the Massachusetts Bay Transit Authority - Project Director.
- Springfield CBD, Springfield, Ohio: Planning and urban design studies for the central business district. For the Core Renewal Corporation - Participating Principal.
- West Riverbank Park, Grand Rapids, Michigan: Open space planning and design studies, including contract documents for a 6.5-acre waterfront park. For the City of Grand Rapids - Project Director.
- Boulder Mall, Boulder, Colorado: Planning and landscape architectural services for 4-block pedestrian mall in Boulder's central business district. For the City of Boulder - Project Director.
- Christian Science Center, Boston, Massachusetts: Landscape architectural services for a major renewal project in Boston's Back Bay area - Project Director.
- Citicorp/St. Peter's Church Plaza, New York, New York: Design services for a two-level plaza at the intersection of Lexington and 53rd Streets - Project Director.
- Mainway Mall, Portland, Maine: Master planning, landscape architectural, and engineering services for a pedestrian mall within the urban renewal area of the central business district. For the Portland Renewal Authority - Project Director.
- Newburyport Redevelopment, Newburyport, Massachusetts: Master planning, landscape architectural, and engineering services for a 23-acre urban renewal project in the central business district. For the Newburyport Redevelopment Authority - Project Director.
- Newburyport Waterfront, Newburyport, Massachusetts; Master planning, landscape architectural, and civil engineering services for a new park on the historic Merrimack River.

- Architectural services for the preparation of a developer kit, between the new promenade and revitalized central business district - For the Newburyport Redevelopment Authority Project Director.
- Norfolk, Norfolk, Virginia: Planning, design, and construction documents for Commercial Place; design and landscape architectural services for the Cultural Convention Center; design and construction document services for the Ghent Neighborhood restoration; design and construction documents for the Airport and Botanical Garden. For the Norfolk Department of City Planning and for the Norfolk Redevelopment Authority - Project Director.
- Main Street Landscape Improvements, Nashua, New Hampshire: Landscape architectural services including sidewalk widening, planting, and street furniture for two-block area in downtown Nashua: For the Nashua City Planning Board - Project Director.
- Promenade Park, Toledo, Ohio: Landscape architectural, and civil engineering services for a 12-acre urban park on the Maumee River in downtown Toledo. For the City of Toledo, Division of Parks and Recreation - Participating Principal.

OFFICE, COMMERCIAL, INDUSTRIAL AND INSTITUTIONAL

- New England Aquarium, Boston, Mass: Architectural planning services for a new office and research facility adjacent to the existing aquarium building - Project Director
- Bell Laboratories, Holmdel, New Jersey: Landscape architectural services for a major addition to an existing laboratory complex - Project Director.
- Smithsonian Institution, South Garden Development, Washington, D.C.: Landscape architectural design services. For expansion of administrative, educational facilities, and oriental art gallery. For Museum of African Art - Project Director.
- Pratt and Whitney Administration Building, East Hartford Connecticut: Alternative landscape architectural improvements for entrance area of the administration building - Project Director.
- L.L. Bean Expansion, Freeport, Maine: Alternative adaptive re-use studies for an old shoe factory adjacent to the existing retail store. Project Director.
- Chubb Corporate Headquarters, Warren Township, New Jersey: Architectural and landscape architectural services for a 520,000-square foot corporate headquarters. For the Chubb Corporation - Participating Principal.
- Owens-Illinois, Toledo, Ohio: Landscape architectural services for development of the site of an office tower, parking, and museum/auditorium complex. Abramovitz, Harris, Kingsland, Architects - Participating Principal.
- Indianapolis Art Museum, Indianapolis, Indiana: Master plan, site planning, and landscape architectural services for a new art museum - Project Director.

Stuart O. Dawson

PROFESSIONAL EXPERIENCE

Sasaki Associates, Inc., Watertown, Massachusetts, Principal.

Site Engineering and Environmental Services: Direction
of environmental studies, site engineering concepts,
feasibility evaluations, and engineering contract
documents prepared by the firm.

Computer Applications: Computer applications research
development and use, including civil, structural and
traffic engineering program packages, data management and
information systems for planning and architectural
applications, as well as computer analysis of Land
Development Economics.

Contract documents for roadways, coastal facilities, sewerage,
and water systems on the following projects: Princeton/
Forrestal Center, Princeton, New Jersey; Krehling
Industries, Naples, Florida; Ramapo College, Ramapo, New
Jersey, Newburyport Bulkhead, Newburyport, Massachusetts.

State University of New York at Buffalo, Amherst, New York:
Civil engineering design and contract documents for
\$60 million of roads and parking; approximately \$45 million
executed to date - Project Manager.

Cofitour/Sousse Nord, Tunisia: Concept planning for potential
\$100,000,000 tourist hotel project along the Tunisian
Coast. Responsible for infrastructure cost evaluations,
including policy resolution of extent of participation of
Tunisian Government and strategies for cost/benefit
evaluations for this quasipublic project. For La Compagnie
Financiere et Touristique.

Makena Resort, Maui, Hawaii: Directed economic consultant,
engineering and planning staffs for feasibility analysis
resulting in the acquisition of 1,000 acres of coastal land
and the proposed development of 6,000 dwelling units in a
recreational resort community. For Seibu Real Estate Co.,
Ltd. - Project Engineer.

Wellington Station Joint Development Feasibility Study,
Medford, Massachusetts: Directed economic consultant,
environmental science and planning staffs in the feasibility
evaluation for an "air rights" transit garage and related
highway improvements on the site of an existing transit
yard. "Feasibility" for this project reflects community

URBAN AREA PLANNING AND DESIGN

Buffalo Regional Center Plan Update, Buffalo, New York:
Planning and design services for the redesign of
Lafayette Square, the development of weather protected
pedestrian system, an update of the Theatre District
Plan, and a maintenance and management plan for a
transit mall under construction. For the City of
Buffalo - Project Manager.

Buffalo Urban Cultural Park, Buffalo, New York: Urban
planning and design services for feasibility study to
create an urban historical park in the theatre
district. For the City of Buffalo - Project Manager.

Tulane University Stadium Site, New Orleans, Louisiana:
Feasibility study of 21 acres of the former Sugar Bowl
site for high density residential developmant. For
Tulane University - Project Manager.

Flat Branch, Columbia, Missouri: Planning urban design
and development feasibility study for the redevelopment
of a 44-acre underutilized site adjacent to the
central business district and the University of
Missouri. For the Columbia Land Clearance for
Redevelopment Authority with Zuchelli Hunter and
Associates - Project Manager.

Management Study for Lynn Downtown/Waterfront
Revitalization Program, Lynn, Massachusetts:
Development of a planning coordination and management
strategy for the implementation of eight related
waterfront revitalization projects. The study
included the preparation of a detailed implementation
CPM chart. For the Department of Community
Development, Lynn, Massachusetts - Project Manager.

Arlington Urban Systems, Arlington, Massachusetts: Urban
design, traffic engineering, and streetscape design
for Urban System improvements for the town's three
principal shopping centers. For the Arlington
Redevelopment Authority - Urban Designer.

- Watertown Arsenal Developer Review, Watertown, Massachusetts: Review and evaluation of seven developer proposals for the redevelopment of the 50-acre U.S. Arsenal site. Continuing services include preparation of design controls as part of the land disposition agreement with the selected developer. For the Watertown Redevelopment Authority - Project Planner.
- Milwaukee Lakefront Park, Milwaukee, Wisconsin: Planning and landscape design services for a 9-acre urban park along Lake Michigan. The study included identifying new pedestrian linkages to the adjacent CBD, Milwaukee Art Center, and Summerfest grounds. For the Milwaukee Department of City Development - Project Manager.
- Summerfest Development Plan, Milwaukee, Wisconsin: Planning evaluation, and preschematic landscape design concept study for a 50-acre special event site on Lake Michigan adjacent to the CBD. The study included a framework for specific site improvements to be funded through a tax increment district. For the Milwaukee Department of City Development - Project Manager.
- Milwaukee Special Event Site Long-Range Plan, Milwaukee, Wisconsin: Programming, planning, and feasibility study for the expansion of the event site into a year-round theme park. Studies included engineering feasibility of off-shore filling, exploration of theme options, and integration of the existing site activities with the new plan. For the Milwaukee Department of City Development - Project Manager.
- Kentucky Cultural Arts Complex, Louisville, Kentucky: Urban design study including housing, transportation planning, and civil engineering for a mixed-use development. For Gerald D. Hines Interests - Project Manager.
- Downtown East Urban Renewal Project, Reading, Pennsylvania: Evaluation and replanning of a 30-acre renewal project located in the core of the Central Business District. Studies include a framework plan for the CBD, a flexible, mixed-use development plan for the project area, design guidelines and controls and an implementation strategy for initiating early action redevelopment. For the Reading Redevelopment Authority - Staff Planner.
- Lechmere Concept Study, Cambridge, Massachusetts: Planning evaluation and urban design concept study for the redevelopment of an older industrial area of East Cambridge. The study evaluated potential public and private sector improvements in the area including potential park development along the adjacent Charles River. For the Daton Hudson Foundation - Project Planner.

Lima, Ohio Central Business District: Urban design and planning services for the revitalization of the central business district working in conjunction with a real estate development firm to develop economic parameters for the revitalization process. Services provided to a 3-part client including the City, County and a non-profit citizens' group (CURLAC) - Project Planner.

Kuwait Waterfront Project, Kuwait, Arabian Gulf: Master plan for 20 KM recreational development of Kuwait City. For the Municipality of Kuwait - Project Planner.

Reading Comprehensive Plan Studies, Reading, Massachusetts: Comprehensive planning studies including evaluation of transportation improvement options in existing railroad right-of-way and evaluation of dumpsite reuse feasibility. For the Reading Planning Board, Reading, Massachusetts - Staff Planner.

Johnny Cake, Burlington, Connecticut: Land Planning and feasibility study for a proposed 1,000-acre second home recreational community. For Johnny Cake, Inc. - Staff Planner.

ENVIRONMENTAL AND OTHER SPECIAL STUDIES

Los Angeles 1984 Olympics Impact Statement/Sepulveda Basin Master Plan: Impact report and master plan for 2000-acre recreation area/flood control basin anticipated as a site for events of the 1984 Olympics in Los Angeles - Senior Planner.

Twin Cities Stadium, Minneapolis and St. Paul, Minnesota: Preparation of environmental impact statement and evaluation of 10 design alternatives for each of three potential sites. For Minnesota State Planning Agency - Project Manager.

Long Island Sound - Dredged Material Containment Study, Connecticut: Feasibility study of the economic, environmental, social, cultural, political, institutional and aesthetic acceptability of creating islands in, or extensions of shorefront areas of Long Island Sound with dredged materials. The study surveyed the Connecticut coast to identify possible land creation sites and evaluated the costs and benefits. For the U.S. Army Corps. of Engineers with Energy Resources Company, Inc. - Project Planner.

XIII Winter Olympics Transportation Plan Assessment, Lake Placid, New York: Continuing environmental assessment services for the 1980 Winter Olympics in Lake Placid. For the Economic Development Administration in the U.S. Department of Commerce - Project Planner.

Daniel R. Kenney

Page 4

Professional Experience Continued

XIII Winter Olympics, Lake Placid, New York: Preparation of Environmental Impact Statement for 1980 Winter Olympics in Lake Placid for the Economic Development Administration of the U.S. Department of Commerce; preparation of environmental permit applications for individual Olympics projects; formulation of environmental performance criteria and review of project design and construction - Field Coordinator.

Greater Lawrence Area Transportation Improvements, Lawrence, Massachusetts: Survey of urban area to identify significant architectural elements and preservation areas; analysis of urban functional systems as related to alternative transportation improvement schemes; documentation for inclusion in a \$300,000 environmental impact statement. For the Massachusetts Department of Public Works - Project Planner.

Productive Land Use Comparative Analysis Case Studies: A comparative analysis of issues associated with productive land use of dredged material disposal sites using a case study approach. This research effort was part of a nationwide Dredged Material Research Program by the Waterways Experiment Station, U.S. Army Corps of Engineers with Energy Resources Company, Inc. - Project Planner and Researcher.

United States Railway Association: Preparation of series of conceptual feasibility studies for reuse of railroad yards in eastern and midwestern United States for United States Railway Association (Conrail). Gladstone Associates - Economic Consultants - Staff Planner.

AFFILIATIONS

Charter Member, American Institute of Certified Planners.
Charter Member, Institute for Urban Design.

REGISTRATION

Registered Architect, Commonwealth of Massachusetts.

JOHN R. JENNINGS

ADDRESS

64 Pleasant Street, Watertown, Massachusetts 02172
Telephone (617) 926-3300 Telex 92-2471

EDUCATION

University of Oregon, Bachelor of Landscape Architecture, 1971.

PROFESSIONAL EXPERIENCE

Sasaki Associates, Inc., Associate.

- Kingston West Strand Park, Kingston, New York: Master plan preparation, design, and construction documents for Phase I of the West Strand Park. For the City of Kingston Office of Community Development - Project Manager.
